I have always believed that every home should have something that makes you smile when you walk in the front door. For some it could be a bunch of freshly-cut flowers in a myriad of sunny, bright colours of Summer, sitting pretty in a vase; a colourful rug or carpet; or gold fish merrily darting among live plants, little rocks and shells in a fish tank. For me it's my oversized throw cushion. Its cover has several large bright yellow sunflowers set against a pale green background, all of them lending a cheery presence.

If you are looking for some decor items that will put a smile on your face, turn to page 18 where our writer zoomed in on three luscious Summer fruits with décor items to match the fruits' vivid hues.

Of course there is no harm in listening to **Purple Haze** by **Jimi Hendrix** while sitting on the **Giuseppina** chair by **Dondoli & Poggi** for **Bonaldo**. Available at **xzqt.om.my**

And since Summer is the season where **Olivia Newton-John** and **John Travolta's 'Summer Nights'** takes centre-stage on my playlist, I cannot help but to sit back, relax and share the season's fun with seven of my favourite pieces of furniture and treasures.

Also in this issue are highlights of the recent **Milan Furniture Fair** showcasing the creative genius of up-and-coming as well as established designers from all over the world. The emphasis this year was on using natural elements as well as recyclable eco-friendly materials.

Mark your calendar for July 13-15 as **HOMEDec** will be in **PERSADA** in **Johore Bahru**. Visitors to the exhibition will be in for a treat as this exhibition will showcase inspiring window fashion. Experts will also be on hand to provide valuable tips on designs and trends and share ideas on how to wake up even the plainest living space. There are also lots of cash prizes, vouchers and products awaiting lucky customers.

Have a great read and see you at **HOMEDec** in **JB**.

Cheers,
