Amazing Flamingo Rug Brings Floral to the Forefront

If you are someone who is looking to bring one of the hottest 2013 trends, floral design, to your home, then this rug should be right up your alley. The flamingo rug brings an amazing and colourful design to any room and will add in a really fun and exciting design element.

The rug was designed by Serena Confalonieri who was actually inspired not by the latest trends, but actually by a Nordic painting from the 15th century and brought the design back to life today.
