## CIRCUS RUG BY FERNANDO & HUMBERTO CAMPANA

by Mike / April 22, 2010

Via [@yatzter](#), rugs as art, and life, as seen here in the Circus Rug by designer brothers Fernando and Humberto Campana. The irregular circle shaped Circus is made by joining rag dolls to the hand knotted rug, "which is 'embodied' in the rug itself, becoming part of it." Manufacturer **NODUS** also presented limited edition rugs by Studio Job, Sofie Lachaert and Luc D'Hanis, Matteo Ragni and Paolo Cappello in Milan.
